

## NUMBER 13 IS A LUCKY ONE FOR LOUISVILLE MAN.

After the Thirteenth Dose of Trutona, Mr. Gaddie Sleeps Whole Night Through.

Louisville, Ky., March 3.—"After the thirteenth dose of Trutona I was able to go to bed and sleep the night through, without having to get up." This remarkable statement was made by Lee H. Gaddie of 514 South First Street. Mr. Gaddie says that for years he has been bothered with his kidneys having to get up as often as ten times in one night. He states further that he has tried many various kinds of remedies and could not find any that would help him, let alone entirely relieve him, until he took Trutona.

Mr. Gaddie says, "Trutona did my wife so much good that I decided to try it one day when, picking up the bottle, I noticed that it was good for the kidneys. For years they had been in a terrible condition. During the day and night I was continually having to relieve them, and it got so bad that I couldn't work and at night I couldn't sleep."

"I started to take Trutona, a tablespoon four times a day, and as I said, after the thirteenth dose I went to bed and slept the whole night through without getting up once. It has sweetened up my stomach so much and got it in such a strong condition I believe that I could eat and digest the sand in the Ohio River. I don't care how bad you feel, Trutona will help you."

Trutona is now being introduced and explained in Columbia at the Paul Drug Company. Adv

## Write a Check

Don't let the fact that you've nothing in your pocket smaller than a twenty-dollar bill keep you from buying today the biggest one-dollar's worth of helpful information and entertainment in the world. Write a check for \$1.00 on your bank, and

## The COUNTRY GENTLEMAN

will be yours for a whole year—52 big weekly issues. The farmer's bank check is as good as currency these days, and big business houses everywhere accept the farmer's personal check without question.

I'm telling you this because I know that many farmers are depriving themselves of THE COUNTRY GENTLEMAN from week to week, simply through lack of understanding that the Great National Farm Weekly will accept their personal checks. Why delay any longer? Write a check for \$1.00, payable to The Curtis Publishing Company, and send it to the publisher with your name and address. I'll do the rest. And this is a mighty good time to start. In the first issue you'll receive the "Springing New in Farm Leases"—and twenty-five other big articles and stories—a week's spare-time reading.

### In Memory of J. B. Burton.

Gone Dear Husband.

You're gone away my dearest dear,  
'Tis trouble unto me,  
It makes me weep when I should sleep,

And say I have lost a friend,  
One who I loved so well.

The nights are so lonesome,  
And the moments seem like hours,  
And every hour ten years dear  
Since you are gone.

And I hope some day to meet you,  
Where there'll be no more parting,  
No more bitter tears,  
For God will wipe all tears away

And fill our hearts with joy and gladness.

His wife,  
Mittie Denton Burton.

Mr. Ed Bennett; desires to return his grateful thanks to all those who so kindly waited upon his daughter during her late illness, ending in death.

### Circuit Court.

Judge J. C. Carter arrived from Tompkinsville last Sunday night, and Monday morning at 10:30 he convened court. The first thing was qualifying a grand jury. In delivering his instructions to that body the Judge took up all violations known to the law, and he impressed upon the jury its duty to indict where the proof was sufficient. He told the jurors that they violate their oaths if they failed to do their duty. He cited cases where there had been an effort made to shield the guilty, and he warned the grand jury to tell no one what was going on in its room. Do your duty, it matters not who it hurts, was the Judge's injunction.

Commonwealth's Attorney A. A. Huddleston is not in Court, being sick at his home in Byrkesville. County Attorney W. A. Coffey is looking after the State's business. The following make up the two juries:

There have been no severe freezes this winter, hence the farmers are looking forward to an abundant wheat crop. It is also hoped that there will be no late freezes, as a plentiful fruit crop is badly needed. There was but little fruit last year, and families generally have about run out of canned goods.

W. L. Grady, Elbert Nell and J. O. Parnell were on the Louisville tobacco market last week. Grady sold 6,000 pounds at an average of \$32. He also drew down several hogsheds. Mr. Nell sold five hogsheds at from \$9.50 at \$45.50. He also rejected some sales. Mr. Parnell sold what he had on the market at from \$9.00 to \$28.50. All the above dealers report the market dull.

### "A NINE YEAR TEST."

Campbellsville, Ky.,  
Taylor County.  
Feb. 17, 1920.

To all whom it Concerns:—

In the year of 1911, we installed one of the Automatic Feed Carbide Generators and Complete Lighting Outfits, with 18 or 20 lights, including all the rooms, porches, cellar, etc. This system has always given the best of Service, and Light Superior to Electricity and far safer than Oil Lamps and Lanterns. It has never cost us a cent for repairs or new parts as none have been needed, and appears to be as good in every way as when installed nearly Nine Years Ago.

We can highly recommend this System of Carbide Lighting for any Farm or Town Home.

Respectfully Submitted,

Signed---
